tasting notes

SAUVIGNON BLANC 2011

Region Adelaide Hills, South Australia

Vineyard/Location Gumeracha and Kuitpo

Alc/Vol 12%

Grape Variety 100% Sauvignon Blanc

Oak Un-oaked

Released August 2011

Our fourth Sauvignon Blanc from the Adelaide Hills continues the Hills cool climate Region's reputation for producing the highest quality Sauvignon Blanc.

In a very difficult vintage, it was necessary for our companion vineyard to select and pick from different blocks at Gumeracha and Kuitpo from their Hills Vineyards.

We are delighted with the quality of this aromatic Sauvignon Blanc, which is again a typically crisp, clean wine, with excellent acid balance and elegant citrus fruit flavours.

A great result, particularly given the challenges of the growing season in 2010/11.

Drink now, either on its own, or as an excellent accompaniment to a wide range of both Asian and seafood dishes.
